

57 1/2"

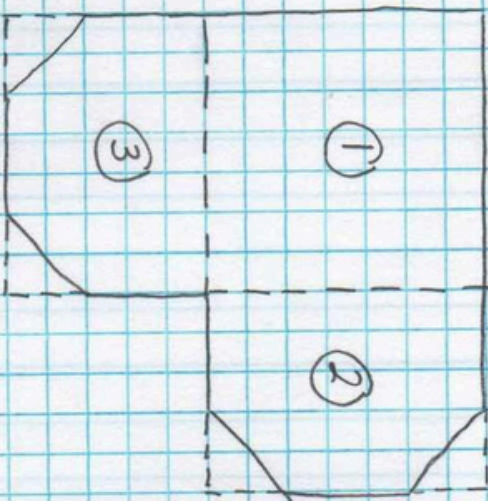

57 1/2"

Step 1:

Make 3 rectangle sections  
for each heart. Do not sew the

sections  
together.

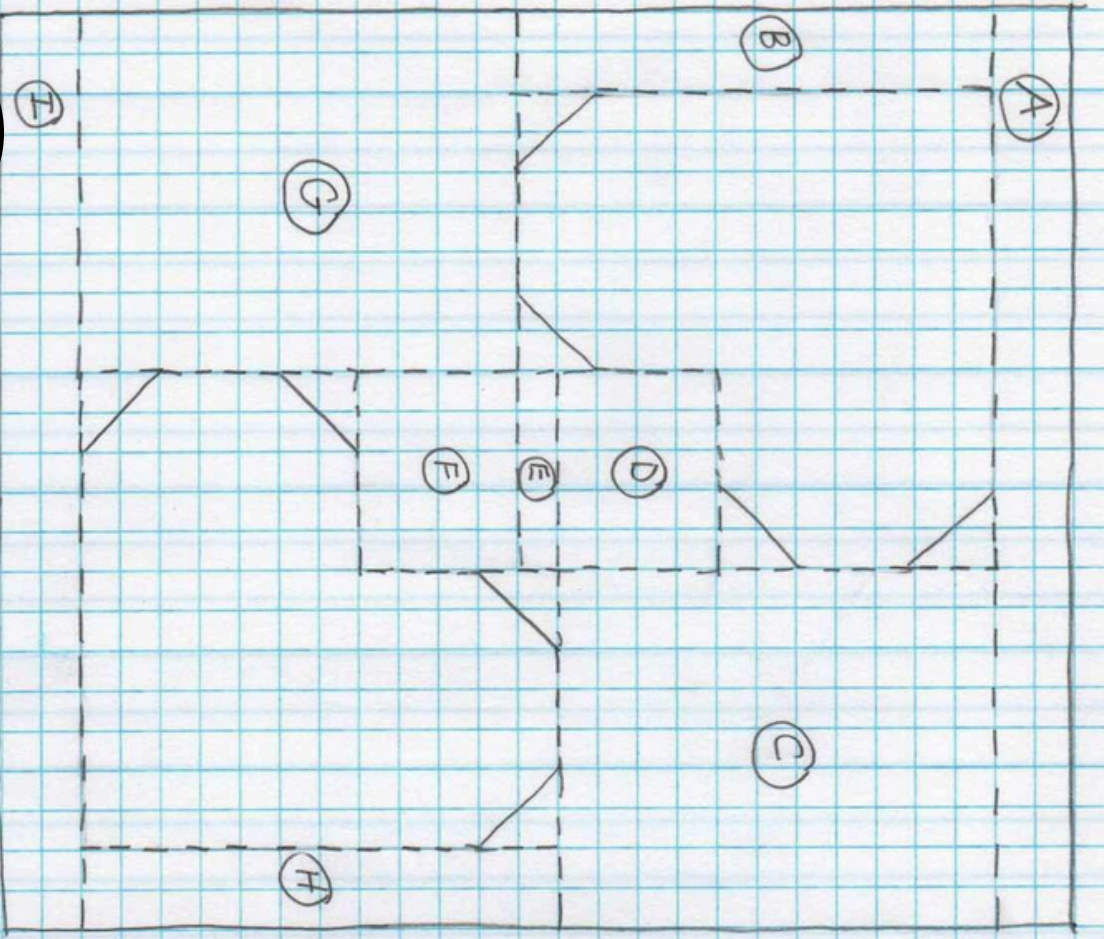

Each heart = 107 Full squares of color

8 half square triangles

4 Full squares background

□ = 3 inches cut

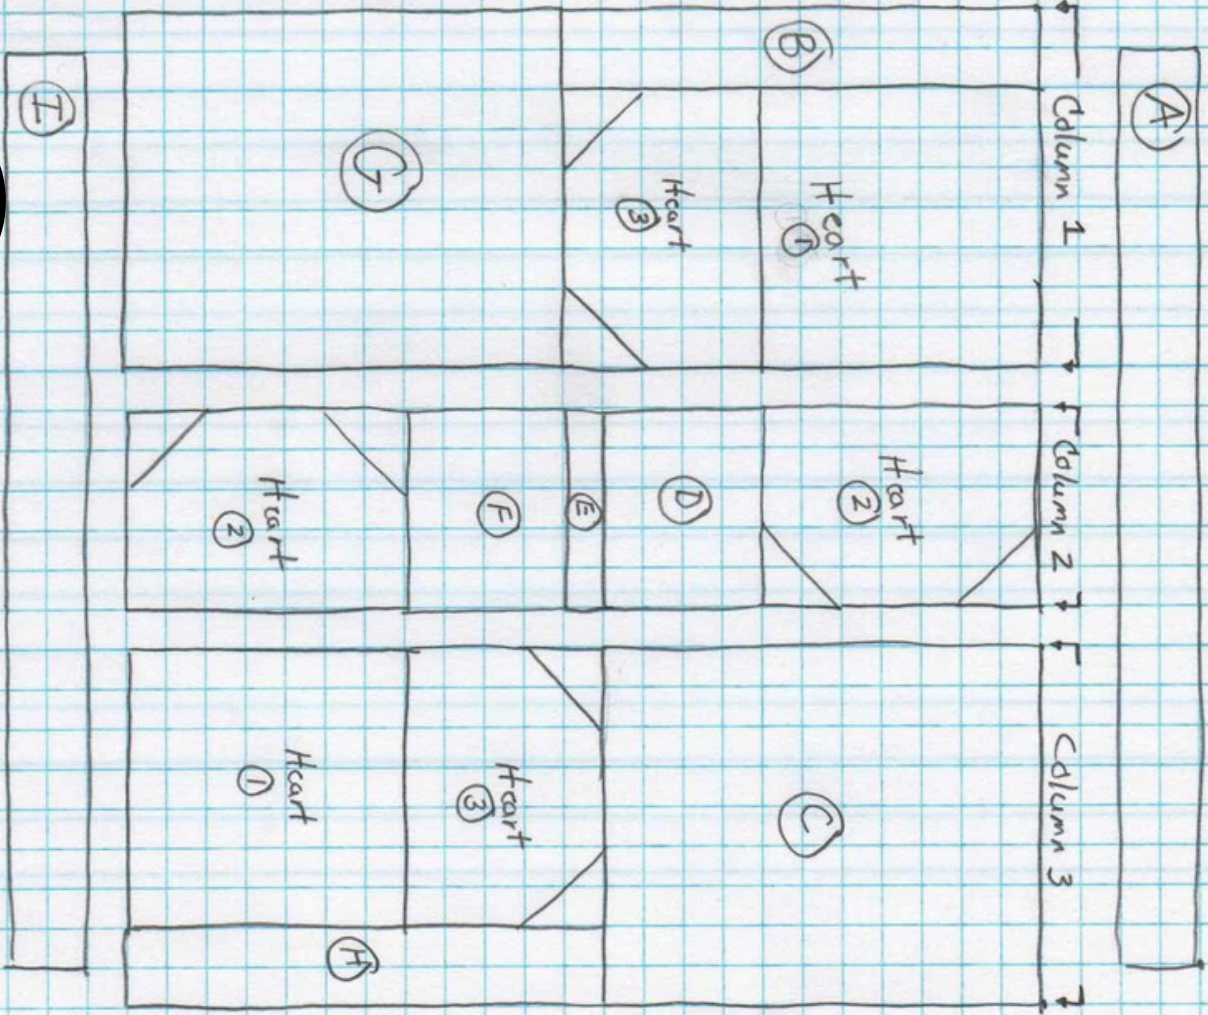

2,5 inches finished

**Step 2:**

Cut background fabric into 9 pieces (A-I)

- I don't have exact cutting measurements.
- You'll need to figure out the dimensions.
- Remember, for the background a  $\square = 2.5$  inches (not 3 inches)

**Step 3:**

- Sew pieces to make 3 columns
- Sew the columns together
- Attach the top + bottom pieces (A, I)
